**\*Note:** This syllabus and course schedule is subject to change as the semester progresses. All updates will be posted on Lamakū.

## 1 Materials

**Required Textbook:** Gerber, J. International Economics, (8th ed.). Pearson Education Inc. Pearson MyLab Economics is required for this course, since homework will be given through Pearson MyLab Economics website.

You have two options to obtain the textbook and MyLab Economics:

- In the UH bookstore, purchase the MyLab Economics access card with eText.
- If you already have a textbook (like a used copy), you can purchase just the Pearson MyLab Economics access through <https://www.pearson.com/mylab/>.
- Please follow the “MyLab Economics Student Registration Instructions” at the end of the syllabus to register the MyLab Economics website and gain access to textbook and/or homework assignments.
- Please register with your **UH email address**. The window for registration will remain open until the end of September 6th.

**Lecture Notes and Readings:** Lecture notes, readings, and all web links to videos and articles references in class will be posted on Lamakū. Please feel free to download lecture notes, to facilitate notetaking and comprehension of the material presented. This syllabus with any updates and changes will also be available on Lamakū.

## 2 Requirements

**Attendance Policy:** Attendance is highly recommended. Experience indicates that there is a strong and positive correlation between attendance and exam scores. In addition, the University of Hawaii System implements UH Executive Policy EP 7.209 Student Participation Verification in Coursework, which means all faculty must identify non-participating students in order to comply with federal regulations. Specifically, I will use the group project enrollment (joining project groups) to determine students’ engagement of first week.

**Homework:** There will be six homeworks, all will be made on Pearson MyLab Economics website under the “Assignments” tab. The homework corresponds to the chapters as follows:

- Homework 1: Chapters 1 and 2;
- Homework 2: Chapter 3;
- Homework 3: Chapters 4 and 5;
- Homework 4: Chapter 6;
- Homework 5: Chapter 9;
- Homework 6: Chapters 10 and 11

Generally speaking, homework will be open on the first lecture day of the corresponding chapters and will be due 1.5 weeks after the last lecture day of the corresponding chapters.

Please submit the homework on MyLab Economics website by the due date before the due time. **MyLab Economics does not accept late homework.** Students with medical excuse can ask for an extension: please E-mail me for help **no later than 24 hours after the due date and time, together with the doctor's note.** Submitting your homework online is the only official way to prove you have finished homework on time.

Doing homework is probably the most effective way of mastering the course content. It is also important since it reflects the priority areas to which you should give attention.

**Exams:** There will be two closed-book and closed-note exams:

- Midterm: Chapters 1 through 7.
- Final: Comprehensive with a focus on Chapters 9, 10, 11, and 12.

Students must have a written medical excuse to be absent from an exam. *If allowed, make-up exams will be scheduled at the discretion of the instructor and the instructor reserves the right to deduct points as deemed appropriate. Make-up exams may be more rigorous and graded to a higher standard than the original.*

If the student believes there is an error in the grading of an exam, they should address it with the instructor within a week after the results are posted.

**Grading:** Your course grade will be based on a reasonable curve over the weighted sum of grades accumulated on the assignments and exams. The weighting scheme is:

- Homework 50%
- Midterm exam 25%
- Final exam 25%

The guidelines for letter grades are as follows:

Scale	95/above	90-94	87-89	83-86	80-82	77-79	73-76	70-72	60-69	59/below
Grade	A/A+	A-	B+	B	B-	C+	C	C-	D	F
